ALBERT S. MOORE CONFESSES

He Expected to Realize a Fortune Then Correct Matters.

He Passed an Almost Sleepless Night in Cell No. 9, of the Tombs Prison. Speculation in Cotton Was the Cause. \$75,000 Is the Amount Involved.

By Southern Associated Press.
New York, June 14.—Albert S. Moore, the secretary and treasurer of the East River Silk Co., who is now occupying a cell in the Tombs under charges of forging indorsements of the firm of Inman, Swan & Co. and R. W. Inman to notes, and the name of John Menke as acceptance to drafts, passed an almost sleepless night in cell 91 of the old prison, which he occupies alone, and ate but little breakfast. In an interview he said:

"I first forged three years ago. I was then a bookkeeper for Inman, Swan & Co., for which company I had worked for 14 years. I had been speculating in the market and was long in cotton.

One evening my broker came to me and told me that I would have to put up more margin at once. He was in deep water and my failure to keep the contract I had with him would have necessitated his failure. I had no money but told him I would give the needed amount. In an unfortunate moment I decided that I could raise the money on bad paper. I expected to realize my fortune and buy back the note.

I made a note with a forged indorsement and sold it to the bank. Just the amount I got I do not know. "From that time on things went bad with me. I was on the wrong side of the market, and simply got deeper and deeper. I had to keep on selling bad paper to raise money to keep myself up. But all the time things got worse and worse until now I am here. My arrest was not unexpected. I knew two days ago that I was to be arrested and made no effort to escape."

"What is the amount of your forgeries?" was asked.
"I had a memorandum of all the bad paper I passed and gave it to the police. The report that the aggregate is over \$100,000 is not correct. I am positive that there was not over \$75,000. I can say now that I sold no paper out of town—not a cent's worth."

The following list of the amounts paid by the various banking institutions which had bought his forged paper was shown to him:

National Union Bank, \$4,000; the Bank of New York, \$2,500; the Southern National Bank, \$2,500; the Bank of America, \$25,000; the United States National, \$10,000.

When asked if this list would cover all his forgeries, he said:
"Yes; with the exception, I think, of a bad note of the Silk Company for \$6,000, which I sold to the Broadway bank. I am positive that no more bad paper for which I am responsible is out."

Moore was arraigned in the Tombs Police Court this afternoon and was held in \$25,000 bail for trial on the charge of forging a note for \$12,000 on the Central National Bank, with the forged signatures of Robert H. Inman, and Inman, Swan & Co. Moore waived examination. W. H. Jewett, cashier of the bank, is the complainant.

The plant of the East River Silk Company in Astoria was seized this noon by Sheriff Doherty of Queen's county, under attachments sworn out by the Bank of America and the National Union Bank. The two banks had in their possession \$10,000 and \$4,000 respectively of the worthless notes said to have been forged by Albert S. Moore, treasurer of the company. There are claims held by others against the company. The plant is valued at \$80,000. When the Sheriff took possession the employees were dismissed and the factory suspended work.

Dr. Howerton Arrives.
Dr. Howerton, the able young pastor of the First Presbyterian Church, arrived here yesterday from Little Rock, Ark., to permanently reside. He was met by a number of the members of the church and escorted to his new home on Fremont street. Dr. Howerton will preach at the First Church Sunday. The Presbytery will hold a meeting Wednesday morning to arrange for his installation as pastor. The ceremony will take place Wednesday night.

THE COCKADE CITY.

Many Matters of Interest Petersburgers in Norfolk.

Special Dispatch to The Virginian.
PETERSBURG, Va., June 14.—The closing exercises of the public schools of Petersburg took place to-day and were largely attended. The following were the full graduates at the High School: Sallie Virginia Archer, Mary Leigh Weisiger, Fannie Eloise Chappell, Lucy Adelaide McAllister, Nettie Scottie Eunis, Fannie Wythe Dunn, Mamie T. Lee, Bady Carey Elliott, Charlotte Meade Bird, Andrew Henderson Allen, J. Moore B. Gill, Everett M. Crowder, Hugh Stockdell Morrison, James Harwood Graves.

The prize for highest mark in stenography and typewriting was awarded to Fannie W. Dunn. The presentation was made by Mr. Simon Seward, acting president of the School Board.

The annual meeting of the Board of Directors of the Bishop Payne Divinity and Industrial School in this city was held to-day and routine business transacted. The board is composed of Rt. Rev. Bishop E. M. Whittle, of the Diocese of Virginia; Rt. Rev. D. M. Randolph, Bishop of the Diocese of Southern Virginia; Rev. R. D. Goodwin, Rev. Pike Powers, D. D., and Mr. Thomas Potts, of Richmond; and Rev. C. R. Hauns, D. D., Dr. J. E. Moxley, and Messrs. R. O. Edgerton, E. Whittle, and E. Davis, of Petersburg.

The following officers were re-elected: Rev. E. M. Whittle, of Richmond, president; Rev. Pike Powers, of Richmond, secretary; R. O. Edgerton, of Petersburg, treasurer; Rev. C. R. Hauns, D. D., of Petersburg, principal; Rev. W. A. R. Goodwin and Rev. Jos. Johnson, the latter colored, professors. There were ten students in attendance upon the school last year. Fifteen are expected next session.

Hon. Wm. R. McKenny, has not yet decided whether or not he will accept the invitation extended him by Tammany Society, of New York, to be present and deliver an address at the meeting to be held under the auspices of the society on July Fourth, to celebrate the centenary anniversary of American independence.

Mrs. Marie Bowman, wife of Mr. R. L. Bowman, a prominent young druggist of this city died very suddenly in her husband's store this evening while conversing with some friends in reference to the game of ball in Roanoke between the team of that place and the Petersburg club. The deceased had for some time been a sufferer from heart trouble. Mrs. Bowman was the eldest daughter of Mr. and Mrs. Julius Liebert, of Petersburg.

HERTFORD, N. C.

Closing Exercises of the Hertford Academy.

The Hertford people have at all times encouraged their educational institutions. They believe in educating their children. They realize that it is education which makes a strong man—a strong woman.

The patrons of the Hertford Academy were treated to an intellectual and entertaining feast last night in the closing exercises at their academy.

The following programme was rendered, so as to reflect credit upon teachers and pupils:
Friday, 8 p. m.—Welcome, Master Charlie Perry; music, Frolic of the Frogs, Harriet Cox; Memories, Song, Declarations—Ond, two, three, Mattie Newby; Curfew must not Ring Tonight, Sallie McMillan; How Ruby Played, Miss Lucille Simpson; music, Moonlight on the Lake, Miss Nellie Riddick; What She Said, Julia Wood; Riddle's Version of the Flood, Mae Wood Winslow; Archie Deau, Miss Ethel McMillan; Sued Skindiff's Scheme, Master Graham White; music, Dreamland Waltz, Miss Emma Trotman; Dot's Christmas, Harriet Cox; "Kiss Me Mamma, I Can't Go to Sleep," May Riddick; a Directors' Visit to the Schoolroom, Miss Bessie Riddick; Music, Horace's Gallop de concert, Fannie Newby; "Sister and I," Miss Jennie Newby; the Angels of Buena Vista, Miss Nellie Riddick; Nickerdimmus Quadrille, Master Dennis Cox; Music, Grand Valse de concert, Miss Lullia Hayes; a Misanthrope Frolic, Howard Shannonhouse; Archie Burfoot and Children; "I'd Be a Star" (a vocal solo), Jones Trotman, McMillan and Hayes; Jonesville Nihilists, Boys' Music; "Home Sweet Home" (storm variation), Miss Ethel McMillan; Good Night to Our Little Ones; Medals awarded, Master Ben Skinner; Tambourine Drill.

Prof. J. C. Kiffrell, a graduate of Wake Forest College, is principal; Miss Helen Smith, assistant. The school has had a prosperous session, and the management receives the deserved compliments of our best people. There is no better private school in Eastern Carolina. The building is a commodious one, and with some improvements on the grounds can be made a beautiful place. Progressive thinkers realize that the best possible legacy to leave a child is correct intellectual and moral training. The people of out section can do no better for their children than send them to Hertford Academy.

THE TOWN POINT SALES

A Big Deal To Secure Terminal Facilities.

Who is Purchaser? Possibly the Norfolk and Carolina. Southern System of Railroads and Norfolk Coast Line and Southern Understanding.

The large transfers of real estate to Mr. Dowdson McCormick, one of the most successful dealers in Norfolk, has been the cause of a vast amount of innocent speculation. It is generally believed that Mr. McCormick is the agent of some large corporation, but what particular corporation is not known, and Mr. McCormick, who is a very silent man, is not disposed to say.

The Town Point property has good water frontage and this class of property is becoming almost as valuable as gold dust. It is very certain that any of the steamship, or railroad lines terminating here, would like to have the property if secured at proper figures. It will be remembered that some twelve months ago it was rumored that the Richmond and Danville road, now the Southern system, desired a deep water terminus here. This report was circulated about the time of the Atlantic and Danville sale, when it was said the Richmond and Danville would be a bidder for that property. When Mr. Newgass became the owner, the Richmond and Danville discussion speedily came to an end, and nothing has been heard of it till the present time. The telegraph brought the information last night that the Southern and Coast Line has entered into an agreement for mutual benefit, but what kind of an agreement was not said. It is thought that Mr. McCormick may be acting for the Coast Line, of which the Norfolk and Carolina is a branch, and that possibly the Carolina wants terminal facilities. It is known that during the busy season the Norfolk and Carolina has no wharfage to spare, in fact, at times is rather cramped.

The Town Point property would relieve the pressure very much. The sale of the Cotton and Wise lands on the other side and the Town Point lots on this side, taken in connection, indicate a deal in which the Carolina road is interested. No matter who the real purchasers may be the people feel that the move is in the right direction and for the purpose of giving greater facilities for trade.

SAYS SHE WENT TO HEAVEN.

Mary Cloud Tells of Strange Things She Saw in a Trance.

Miss Mary Cloud, 19 years old, pretty and well educated, was converted recently at a sensational revival meeting held at Delhi, Ind., and was in a trance for several days.

On coming out of it she announced she had been to heaven and told a thrilling tale of what she had seen. She also said she had talked with God, and that he told her she would die. Miss Cloud visited all her friends and acquaintances and bade them goodbye. She prepared a burial outfit for herself. Her most intimate friends were asked to a funeral feast. At its close the young lady knelt in prayer and afterward dressed for her death.

The afternoon went away and darkness came, but the heavenly chariot did not come for her, and the angel band was tangibly absent. Miss Cloud was greatly disappointed, and she is now sure her presence on earth was due to a mistake.—New York Recorder.

What Is the Bible?

A few ultra conservative Presbyterians are startled and alarmed at a recent utterance of Dr. Patton, who has always been looked upon as one of the most able of all the conservative leaders in the church. In speaking of the Bible he said: "The great question of our time is simply this, What is the Bible? There are two ways of dealing with this question—one is the ecclesiastical way, one is the way of scholarship. It is the prerogative of the court of last resort to say whether this or that utterance does or does not contravene our confessional statements regarding inspiration. The church, in her judicial capacity, cannot settle the great debate upon this question. She cannot stop it. The debate is going on and will go on, and it must be in the hands of men who have special aptitude for the work."—New York Tribune.

Value of Love Letters.

Only \$1,000 was realized by the sale of Mme. Recamier's love letters. Love letters of far less illustrious persons have produced much larger sums than that, and not put up at auction either, but simply read aloud in gaudy American courts.—Baltimore American.

Our Sweet Tooth.

The importation of 530,697,599 pounds of sugar into this country last month goes to show that we've got a very sweet tooth and that the Sugar Trust has a most capacious maw.

The James River Monitor Fleet.

By Southern Associated Press.

WASHINGTON, June 14th.—Commander Forsyth, who has been ordered to superintend the removal of old monitors from James river, below Richmond, where they have been for over twenty years, visited the Navy Department on his way to his post, and received his official instructions. While the citizens of Richmond protest against the removal of the vessels, the determination of the department to concentrate all of its reserve vessels at League Island, Philadelphia, has not been modified since it was announced several years ago that the League Island station was designed for a great rendezvous, or "ship hospital."

Over half the ironclads have already been ordered to that point, the last two being the Miantonomah and Yosemite, both of which have been in active commission for several years. The monitor fleet near Richmond has been wholly unprotected in case of war. Its location is unsuited to the rapid fitting out of vessels in case of emergency, while at League Island these objections do not exist.

The Jason, Montauk, and Napant have already been removed from the James river to League Island. This was done during the Chilian excitement. The Wyandotte, which at the same time was taken to Norfolk to be made ready, is now in New London for the use of the Connecticut naval militia, while the Nantuxet has been loaned to the State of North Carolina and the Passaic to Massachusetts for naval reserve ships.

Orders were issued yesterday to lend the Montauk to the New Jersey battalion at Camden, and the same State is to have the sailing ship Portsmouth at Jersey City.

The Catfish and Lehigh have been selected as the best remaining monitors in the James river, and Admiral Brown has been ordered to have them towed to Norfolk to be made ready for sea at once. They are destined for League Island, and after their departure only the Ajax, Canopus, Mampouc and Manhattan will remain at Richmond.

It is possible that one or more of these will be found in such condition for active service at reasonable cost in which case they will remain indefinitely where they now are or sold as junk.

The President has approved the recommendations of Naval Board's retiring from active duty, on account of incapacity due to service, Commander O. F. Heyerman, who commanded the Kearsarge when she was lost on Round Bay reef; Medical Director Adolph A. Hoelting, Gunner Henry J. Tresselt and Boatswain John H. Brown.

Lieut. A. G. Winterhalter has been detached from the Bureau of Equipment and ordered to the Bennington. Ensign C. D. Stearns has been detached from the Thetis and ordered to the Bennington, relieving Ensign C. E. McNay, who is ordered home and granted three months' leave.

Ensign H. I. Siegwer has been detached from the Bennington and granted three months' leave.

Admiral Kirkland cables the Navy Department that the New York, Columbia and San Francisco leaves Copenhagen this morning for Kiel, where under their orders they are to arrive to-morrow.

BERKLEY BRIEFS.

DISAPPOINTED.—Yesterday afternoon a number of young men came over here from Norfolk in one of Thayer's picnic wagons and drove out to the diamond in South Norfolk, expecting to find the Berkley club to play a game of ball. They waited about an hour, and the Berkleyites failed to appear, so the game was awarded to them, 9 to 0.

A colored man was arrested for driving a horse while in a drunken condition and running into the buggy of Mr. John Jones yesterday afternoon. He will have a hearing this morning before the Mayor.

Mrs. F. B. Snowden, of Snowden, N. C., was in town yesterday visiting friends.

A large crowd went down on the Pythian excursion to Old Point last night.

State Labor Congress a Failure.

Thirteen men gathered in Polytechnic hall yesterday afternoon in a state labor congress, but the congress was a failure, and the meeting was adjourned without more being accomplished than to form a committee to tell the labor people who were not there about it. It had been given out that over 100 delegates would be present. The tenor of what was said was to secure, if possible, a union of all men in sympathy with labor for political action if necessary. No definite plans were mapped out. The meeting was adjourned until July 3, when the promoters hope to have a larger attendance.—Louisville Courier-Journal.

AT THE CAPITAL OF VIRGINIA

Many Matters of Interest to All Good Citizens.

The Democratic Leaders Not Worried. The State a Union Paper. Two of the Richmond Players on the Sick List. The Counterfeit Money Case.

[Special Dispatch to the Virginian.]

RICHMOND, June 14.—The Democratic leaders here do not appear to be at all worried about the "fair elections" conference. One of them said this morning the proposed convention might materialize, but he did not believe any influential members of the party would participate in it. It is pretty well understood that the Populists, who are leading the movement, expect Mr. Joseph Bryan to participate in the proceedings of the convention, but it is generally believed here that Mr. Bryan will not do so.

The sudden disappearance from town of young Charles W. Grynner, who went away after having flooded the city with bogus checks, is not the only case of the sort Richmond has had lately. It is reported on very good authority that the agent of a financial concern not long ago absconded. The matter was kept quiet and the young man's father or father-in-law made the same good and the young man was permitted to come back. It is said also that a solicitor for a certain financial institution has gone away under a cloud.

It has been already stated in this correspondence that the labor element in Richmond will try to capture all five of the city's members of the House of Delegates. They are now organizing and working to that end. The fight will not end here. Next spring the workmen will try to get control of the city government and all its departments. All the different unions are completely organized into one central body, and are showing a bold front. The labor people claim that their cause is succeeding well. The State newspaper has become a union paper once more.

Speaking to-day of the fight over the currency question, a well known Democratic leader said, he believed the free silver people are in the majority in Richmond. A surprisingly large number of business men here are opposed to the policy of the administration. A gentleman who was a leader of the Cleveland movement here in 1892, has announced that he and the President must now part company. This gentleman is a well known lawyer, but is not Mr. C. V. Meredith, who is a believer in sound currency.

Richmond's two crack pitchers, Flynn and Tannehill, are in a crippled condition, much to the sorrow of the rooters. Neither is laid up but each is too unwell to do any work. It is possible that one may be able to go to the bat to-morrow. The Richmond rooters look upon Tannehill as the best man in the league. He is a fine pitcher and has no superior at bat.

The case of R. S. Butler, charged with passing a counterfeit United States coin, was continued to-day Commissioner Simon Fliegenheimer until Monday.

Baseball As Viewed from the Grand Stand.

A valuable diamond was lost at the ball game in Portsmouth yesterday. It was a set out of a ring. See advertisement in another column.

Yesterday was Ladies' Day at the Ball Park, and the Grand Stand never presented a prettier sight.

The Norfolk Club is an elegant aggregation of hitters, but somehow or other they are playing in hard luck. Take yesterday's game for instance. The home team made 13 hits to Portsmouth's 5, yet they could not win the game. The error column stood 6 to 5.

Herr's mull of an easy fly and his wild throw over third base in the eleventh inning lost the game yesterday.

Reed made a beautiful double yesterday in the ninth. It was really brilliant and he deserved the applause accorded him.

Ralph Jones played a great game at first yesterday. Harry Fuller is rapidly coming to the front as the leading third baseman of this league. Some of his stops are phenomenal.

A Philadelphia writer in commenting on the existing abuses of kicking and dirty ball playing has this to say: "If the club owners would take the initiative in enforcing decorum upon their players, upon pain of fine or suspension, instead of shifting the burden and onus upon the umpire, the problem of order at ball games would be solved at once. But the majority of magnates and managers, while openly, hypocritically, deploring dirty ball playing, secretly wink at it and rather enjoy it, especially if their particular club secures advantages from it. The players all know this, and so do the umpires; hence the former presume upon it, while the latter weaken in their intent and desire to strictly enforce the rules. When the duty of preserving order on the field and decorum among the players is devolved upon the clubs, who represent direct authority, power and responsibility, instead of irresponsible umpires, then, and not till then, will the evils complained of cease, or at least be mitigated."

"Dick" Knox was presented with a bouquet of beautiful flowers as he stepped to the plate in the first inning yesterday.

Capt. George Kelly is suffering from an injured shoulder. That is why he was not in the game yesterday.

Largrove made two of the "Truckers" five hits yesterday.

Eddie Leach is a great pitcher, he was stronger and more effective in the eleventh inning yesterday than he was at the beginning of the game.

Norfolk is well supplied with pitchers. She has three good ones, Herr, Weeks and Chard, but the former and latter are said to be out of condition, Chard from a bad finger and Herr from sickness.

It is probable that Norfolk will have a new twirler in one of the games with Portsmouth to-day. Two games will be played, the first at 2:30 o'clock and the second at 5 o'clock. Brandt and Clare will pitch the first and second game respectively.

Norfolk has signed another pitcher, who is said to be a good one. With his added strength in conjunction with that of Gilman and Thornton, the Norfolk will then be in a position to make the leaders in the race attend strictly to business.

Manager Hoggins is leaving no stone unturned to have a first-class team, he, as well as Owner O'Neill recognize the fact that Norfolk is entitled to be well represented on the National Diamond.

Bromie, a player from the Texas League signed by Petersburg, reported in that city for duty yesterday.

Lynchburg Wins a Game from Richmond.

RICHMOND, Va., June 14.—In the presence of 1,600 people the Lynchburg team took the game from the home team to-day by the score of 6 to 4. Lynchburg victory was due in a great measure to a wild throw to first made by Pitcher Flynn in the fourth inning. Up to this time the score stood 1 to 0 in favor of the home team. This error let in two runs, aided by a hit a moment later.

In the fifth Richmond sent three men home, taking the lead again, but in the next two innings Lynchburg scored four runs and blanked the locals. Score:

Petersburg Wins a Ten Inning Game By Southern Associated Press.

ROANOKE, Va., June 14.—It required ten innings to settle the contest between Roanoke and Petersburg to-day. Inability to bunch hits and errors at critical points caused the defeat of the home team. Turner won the game when two men were out in the 10th, with a long fly to center, which Farrell could not get. Score:

THE HEALTH OF THE CITY

Warrants Against Persons Who Have Violated the Ordinance.

Warrants Were Sworn Out Yesterday Before Justice Gregory Against a Number of Prominent Citizens With Violation of Section 29, Chapter 14.

Justice Gregory against a number of prominent citizens charged with violation of section 29, chapter 14: "The ordinance reads:

"The owner or occupant of every house and lot in the eastern district shall, before the hour of 9 o'clock in the morning on Monday, Wednesday and Friday of each week, from the first day of April to the first day of October of each year, and before the hour of 10 o'clock in the morning of said days from the first day of April of each year, cause all ashes, dirt and refuse of a non-decaying kind, or natural, to be placed in boxes or barrels by itself, and all liquids, offal or other matter subject to decay shall be placed in tight boxes or barrels separately."

And the ordinance provides that the same shall be done in the Western District on Tuesday, Thursday and Saturday of each week. Non-compliance with said ordinance is punishable by a penalty of \$5 against the owner or occupant for each offence.

It is said that very little attention has been paid to the provision of the law and that the health of the city demands that the law shall be enforced.

Worthy of Commendation.

Rev. J. T. Mastin, pastor of McKendree M. E. church, Norfolk, Va., says that he has used Quinquel for a very annoying facial eruption which had given him much trouble, and after a few applications it had cured him. He thought so much of its remedial properties that he recommended it to others. The result has been entirely satisfactory, and he knew of many cases in which it had been used, and proven to be worthy of commendation. Quinquel will quickly cure any facial eruption or skin disease. All druggists sell it at 50 cents.

Worth Its Weight in Gold.

Mrs. M. E. Ferguson, of 2508 North street, Richmond, Va., says: "I fell down stairs at my home and sprained my wrist, and for weeks suffered excruciating pain. A friend of mine advised me to try Quinquel, after I had tried almost every other remedy. After three applications I was entirely relieved. I will always keep it in the house. It is worth its weight in gold."

Enables Him to Attend to His Duties.

Sergeant Cutbill, one of the most popular officers on the police force of Norfolk, says: "For several nights I suffered with a sprained back, and was unable to walk with ease. I tried Quinquel, and in a few hours I was able to attend to my duties without inconvenience. I find it an excellent remedy for home use."
